Best MARC™

Online. Complete. Easy. Unlimited.

**Why spend any time on original cataloging...
when you could have unlimited access to the industry's most complete
collection of print, AV, professional & e-materials MARC records in the business.**

BestMARC Features

Complete, high quality MARC records

Created by professional catalogers, checked for quality & continuously updated with reading program measures and state & national awards.

Easy to use search tools

Related Search Items cloud, adds more search criteria with 1 click

Search More Servers button, expands your search to multiple databases

Advanced Filters button, refines your search to those items with specific reading program or Lexile measures

"*Quality*" & "*Match*" indicators indicate how well search results match your criteria

Support Page

Contains *Online tutorials* to learn more about BestMARC features, easy contact information and feedback options

Built-in "Subject Explorer" tool

Add additional subject fields to the MARC record accurately & easily, using Sears, LOC, LOC Children's, Dewey, LC classification number or term

Built-in RDA tool

Add RDA fields to new or existing MARC records with a few clicks of the mouse

Built-in Tips & Examples

Cataloging new records is easy, with field specific tips & examples right on the screen as you work

Customizable Templates

Add, edit or remove fields & sub-fields as you need them

Easy Records Download

Save your edited MARC records and download one or more batches at a time from the Download Center

And here's the best part...if you are currently a Mitinet customer, you may be eligible to use BestMARC right now. Ask your sales representative to find out.

And if you aren't a customer, we invite you to try out BestMARC-Lite, where you can explore some BestMARC features - records searches & cataloging new records - for FREE.

**Call or email us today to talk about
what your library needs to run at it's best.**

It's what we do.
